## SOFTWARE INSTALLATION INFORMATION SHEET

Your software and documentation are enclosed.

When you install the software, you will need an Unlock Code to make the software accessible. We will obtain this code on your behalf, but will need some information from you. It will take a little while to get the Unlock Code, depending upon the time of day you are performing the software installation, due to the time difference between UK and USA/Canada.

Please follow the installation instructions provided in the documentation. Then complete the section below and fax this sheet back to us. The Unlock Code will be issued to you as speedily as possible.

Thank you.

---

Dear Alistair,

Here is your new permanent key code for your ModelGen Licence MD0844 including Modeling, Texture, CAD, Behaviour and Instrumentation.

Lock Code: e1-40425-690834e1

Key Code: 1e807590-c85374ec-b4f25c5c

Kind regards,

**Chris Waldron**

Sales Co-ordinator

**Visual Simulation and Virtual Reality Division**

**Software Licence Agreement**  
**-University Discount Added Clauses**

**Supplement to Section 2** Licensee agrees that the Software will not be used for commercial product development, which is defined as development of a software or combined software and hardware product that is then offered for sale or for free distribution, without MultiGen Inc's written consent or purchase of the Software at list price.

**Supplement to Section 3**  
Licensee agrees to be identified publicly as a user of ModelGen2 and agrees to credit the Licensor and the Software in all examples and publications of its works with ModelGen2 and to provide the Licensor with copies of such works or publications. The Licensor agrees to credit the Licensee in all such uses and publications.

Licensee has reviewed and agrees to the terms and conditions set above in the University Discount Additional Clauses., and so signifies by signature.

## Certification of System Transfer

1. EDINBURGH UNIVERSITY, the Licensee, has purchased MultiGen Inc's MODELGEN products for operation on a single workstation, which is identified by Silicon Graphics Serial No. S90109.
2. Licensee desires that the workstation license be transferred to another Silicon Graphics workstation, Serial No. 0800690834E1 at the licensed location.
3. As a condition of the license transfer, Licensee certifies that the named product has been deleted from and will no longer be used on the original workstation, Serial No. S90109, and that it will not be reinstalled or re-enabled on that workstation without express written permission from MultiGen Inc.

## CONGRATULATIONS!

You now have a **FREE TRIAL COPY** of InPerson™ - the best desktop conferencing software tool available today!

InPerson turns your workstation into a powerful communications center, allowing you to "call" people and interact with live video and audio while you work together - in real time - on a selected file, a captured image, a 3D model or a text document.

**INSTALL** this easy to use software immediately and witness how collaboration will bring fun and increased productivity to your team!

Anyone with a Silicon Graphics workstation can participate in a conference through the use of the Whiteboard. Any workstation equipped with audio and video systems can send and receive audio and video as well.

This software can be run on any **IRIX 5.3** system and requires a minimum of **32MB** of RAM. The liner notes in the CD contain installation information in addition to information regarding CD contents and ordering details.

*If you need more information or more time to evaluate InPerson, email [evaluation@sgi.com](mailto:evaluation@sgi.com), or call 1-800-800-7441 Dept. D150.*

**If you know of another Silicon Graphics user that would like to evaluate InPerson, please fill out the following information and send us this card.**

HEAD OF DEPARTMENT.

## CONDITIONS

- Order No in full MUST be quoted on all documentation. Failure to comply may result in goods/invoices being returned.
- The University accepts no liability for goods delivered other than in response to a correctly authorised purchase order.
- In the event of this order involving the carrying out of work by the supplier and its sub-contractors and the supply of material or goods on land and/or premises of the purchaser, the supplier will keep the purchaser indemnified against (a) all losses and costs incurred by reason of the supplier's breach of any statute, bye-law or regulation, and (b) any liability, loss, claim or proceedings whatsoever under statute or Common Law (i) in respect of personal injury to, disease contracted by or death of any person whomsoever, and (ii) in respect of any injury or damage whatsoever to any property heritable or moveable, real or personal arising out of or in the course of or caused by the execution of this order whether as a result of the negligence of the purchasers or their servants or otherwise; But this clause shall not restrict liability for breach of duty arising in the course of business or from the occupation of any premises used for business purposes of the occupier in respect of death or personal injury if the contract is a contract to which the Unfair Contract Terms Act 1977 applies. The supplier will insure against and cause all sub-contractors to insure against their liability hereunder and will produce to the purchaser on demand the policies of insurance with current renewal receipts therefore. In the event of the supplier failing to adopt or admit responsibility the purchaser shall have full power in its discretion to settle any such claims extrajudicially and without any admission of liability and such settlement shall not affect the foregoing right of indemnity.
- Warranty. The supplier warrants that it is able to give the purchaser a good title to the goods, that they are suitable for the use intended and guaranteed against defect for a minimum period of 12 months from the date the goods are commissioned for use by the University.

- Order No in full MUST be quoted on all documentation. Failure to comply may result in goods/invoices being returned.
- The University accepts no liability for goods delivered other than in response to a correctly authorised purchase order.
- In the event of this order involving the carrying out of work by the supplier and its sub-contractors and the supply of material or goods on land and/or premises of the purchaser, the supplier will keep the purchaser indemnified against (a) all losses and costs incurred by reason of the supplier's breach of any statute, bye-law or regulation, and (b) any liability, loss, claim or proceedings whatsoever under statute or Common Law (i) in respect of personal injury to, disease contracted by or death of any person whomsoever, and (ii) in respect of any injury or damage whatsoever to any property heritable or moveable, real or personal arising out of or in the course of or caused by the execution of this order whether as a result of the negligence of the purchasers or their servants or otherwise; But this clause shall not restrict liability for breach of duty arising in the course of business or from the occupation of any premises used for business purposes of the occupier in respect of death or personal injury if the contract is a contract to which the Unfair Contract Terms Act 1977 applies. The supplier will insure against and cause all sub-contractors to insure against their liability hereunder and will produce to the purchaser on demand the policies of insurance with current renewal receipts therefore. In the event of the supplier failing to adopt or admit responsibility the purchaser shall have full power in its discretion to settle any such claims extrajudicially and without any admission of liability and such settlement shall not affect the foregoing right of indemnity.
- Warranty. The supplier warrants that it is able to give the purchaser a good title to the goods, that they are suitable for the use intended and guaranteed against defect for a minimum period of 12 months from the date the goods are commissioned for use by the University.
